Do you want to get into cheerleading, but don't know where to start? Don't have any cheerleading experience? That's okay! Our Half-Year Prep Cheer program is designed to introduce the basics of what cheerleading is. Team members will learn motions, jumps, stunting, tumbling, and dance! Our teams participate in four local competitions throughout the valley (no out-of-state competitions) where they will compete against other prep teams. Can you handle the storm?
